ANNEX

The Offering Circular dated 22 March 2024 (“Offering Circular”) is hereby supplemented with the following information, which shall be deemed to be incorporated in, and to form part of, the Offering Circular. Save as otherwise defined herein, terms defined in the Offering Circular have the same meaning when used in this Annex.

The second paragraph of the sub-section “REGULATION AND SUPERVISION – Safeguarding Financial System Integrity” appearing on page 297 of the Offering Circular shall be amended in the following manner (deletions in strikethrough and insertions double under-lined):

“Separately, as a financial institution regulated by the MAS, a bank in Singapore is subject to AML/ CFT requirements issued by the MAS which are of sectoral application. A bank in Singapore is required to implement robust controls to detect and deter the flow of illicit funds through Singapore’s financial system. On 28 March 2024, the MAS re-issued ~~The MAS issued~~ MAS Notice 626 ~~(last revised on 1 March 2022)~~ on Prevention of Money Laundering and Countering the Financing of Terrorism – Banks which took effect on 1 April 2024 and sets out the AML/CFT requirements which a bank in Singapore is required to put in place. This includes performing customer due diligence on all customers, conducting regular account reviews, performing record keeping and reporting any suspicious transactions to the Suspicious Transaction Reporting Office, Commercial Affairs Department of the Singapore Police Force. One of the key changes in the new MAS Notice 626 is the introduction of COSMIC (i.e. Collaborative Sharing of Money Laundering /Terrorism Financing Information & Cases), which was launched by the MAS on 1 April 2024. COSMIC is a centralised digital platform to facilitate sharing of customer information among financial institutions to combat money laundering, terrorism financing and proliferation financing globally. The Financial Services and Markets (Amendment) Act 2023 and accompanying subsidiary legislation, which sets out the legal basis and safeguards for such sharing, commenced the same day. A COSMIC participant financial institution may share customer information with another participant financial institution only if the customer’s profile or behaviour displays certain objectively-defined indicators of suspicion, or “red flags”. The FSM Act requires participant financial institutions to have policies and operational safeguards to protect the confidentiality of information shared. This will allow participant financial institutions to share information on potential criminal behaviour to make informed risk assessments, while protecting the interests of the vast majority of customers who are legitimate. Information sharing is currently voluntary and focused on three key financial crime risks in commercial banking, namely: (a) misuse of legal persons; (b) misuse of trade finance for illicit purposes; and (c) proliferation financing.

UOB is one of the six banks in Singapore which are the initial participant financial institutions of COSMIC.”
